that students who master this method are able to think and talk intelligently about art Feldman believes that if students can think and talk intelligently about art they will know and like it better (Feldman, 1982) Discussing art is considered integral to the critical experience, as well as interpretation of the work of art

Conversation As Methodology In Collaborative Action Research

What I argue for here, is that conversation can be a research methodology in collaborative action research My point is not to demonstrate that conversation is a method that has been used effectively in action research -- that has been shown and documented elsewhere (eg, Cochran-Smith & Lytle, 1993; Hollingsworth, 1994; Feldman, 1993b)
